

A New Myth of Humanity Is Emerging.

Across the world, communities are rebuilding culture, restoring ecosystems, innovating new futures, and remembering how to act together.

This is not another movement. We are **revealing** the one that is already here.

The Missing Architecture of Our Collective Power

“What’s missing isn’t effort.
It’s **coordination**, shared maps,
and **flow-funding** resources.”

The Planetary Party is designed to function as the connective architecture that helps these movements coordinate, amplify one another, and become something larger than themselves.

An emerging, living ecosystem that catalyzes communities to **sense, decide, and act** together in service to life.

The Planetary Party Protocol: A Living Architecture

SEE — The Mycelial Map

Insights flow into Bioregional Intelligence Dashboards, revealing patterns and priorities.

SENSE — The Roots

Communities gather to listen for what's alive, needed, and possible.

REGENERATE — The Spiral

Communities learn from each cycle, deepen coherence, and return stronger.

FLOW — The Water Table

Local Flow Funds move capital relationally toward what communities name as important.

CELEBRATE — The Bloom

Gatherings become civic ceremonies. Joy becomes governance.

This process is simple, natural, and rooted in how living systems evolve.

Canela Deck: The Protocol Guilds are Our Nervous System

The Planetary Party is powered by **Guilds**: autonomous, interconnected teams stewarding different dimensions of the ecosystem.

Each Guild is a **mycelial node**, carrying a unique function within a larger living body. Together, they form the nervous system—sensing, signaling, regenerating, and weaving coherence across bioregions.

They are the **living organs** of a planetary organism.

The Nine Guilds: A Symphony of Vital Functions

Each one a vital organ. Each one a keeper of a different kind of intelligence.

Bioregional Intelligence Guild

The Seers – Sensing place through stories, data, land, and culture.

Technology & Data Sovereignty Guild

The Mycelial Web – Building the tools that connect the whole.

Ecosystem Weaving Guild

The Connectors – Harmonizing movements, networks, and bioregions.

Community Capacity & Trust-Building Guild

The Heart – Tending the relational soil where regeneration grows.

Regenerative Governance Guild

The Bones – Crafting pathways for collective decision-making.

Storytelling & Mythos Guild

The Memory – Carrying the myth, the narrative, and the cultural flame.

Living Systems & Solutions Guild

The Body – Stewarding ecological, agricultural, and place-based regeneration.

Event Production & Cultural Activation Guild

The Fire – Bringing the Planetary Party to life through gatherings.

Regenerative Capital Flows Guild

The Water – Guiding resources to where life needs them most.

From Coherent Sensing to Regenerative Flow

Helping Communities See Themselves

The Bioregional Intelligence Guild weaves ecological, cultural, and social indicators into shared maps. They translate complexity into clarity, revealing what's working and what's needed.

Guiding Resources Where Life Needs Them

The Regenerative Capital Flows Guild designs Bioregional Flow Funds and stewards philanthropic partnerships. They help capital flow with the logic of ecosystems, not extraction.

The Anchor Circle: Upholding the Integrity of the Whole

The Anchor Circle represents:

- Each Guild's voice
- Shared protocols and alignment across the ecosystem
- Coherence between culture, governance, and action
- Evolutions of the PPP's global framework

They help the whole organism stay attuned to itself.

Grounded in Place: Our Pilot Bioregional Communities

The Planetary Party Protocol is not a theory; it is a living practice. It finds its roots in bioregional communities around the world, where the cycle of sensing, flowing, and celebrating comes to life through festivals, assemblies, and on-the-ground regenerative projects.

An Ecosystem of Sovereign Allies

We are weaving across sectors and communities, convening aligned organizations to help the global mycelial network find itself.

Our partners are the pillars of our theory of change, each bringing vital intelligence and capacity to the whole.

Celebration is Our Governance

Gatherings become civic ceremonies. Joy becomes a political act. Culture becomes our coordination.

The Event Production & Cultural Activation Guild creates experiences that spark trust, unity, and regenerative action, transforming celebration into a powerful engine for coherent decision-making.
